To: 775 Media Corp

Inconsideration of 775 accepting and reviewing the Material, I, _____, represent, warrant and agree as follows:

1. I have the full and exclusive right to submit the Materials to 775 and no other individual or corporation holds any rights, title or interest in the Materials inconsistent with my rights to develop and License the Materials. If the Materials are submitted on behalf of a corporation that owns the Materials, I represent that I have full and complete signing authority to bind the corporation.

I hereby acknowledge and agree that 775, its employees, officers and consultants have numerous ideas, concepts and projects in development and that 775 receives concepts and third party proposals that may be substantially similar and/or identical to the Materials submitted by me. I further agree that the receipt of the Material will not restrict the development and production of any project based on any concept, idea or proposal 775 has in development and/or production or has reviewed from a third party even if such a concept, proposal or idea is similar or identical in whole or in part of the Materials and such development or proposal by 775 will not in any way give rise to a claim by me or my corporation.
5. I understand that 775 will not make use of any of the Materials submitted by me or my corporation except under the terms of an agreement to be negotiated between 775 and myself and/or corporation. I further understand and agree that by my submission of the Materials, 775 has not made any promise or representation to me or my corporation about the Materials, and has no obligation to use the Materials in any way.
